PRAYER TO CARRY TODAY

YOUR DAY STARTS WITH THANKS.

Lord, before anything happens, thank You. In everything today, I'll keep giving thanks.

"Always rejoice. Pray without ceasing. In everything give thanks, for this is the will of God in Christ Jesus towards you."

PRAYER TO CARRY TODAY

THANKS BEFORE THE RUSH

Some mornings the day feels full before your feet touch the floor. The list is already running, and gratitude feels like something for later, once things calm down.

Paul wrote these words to people under real pressure, and he didn't tell them to give thanks for everything. He told them to give thanks in everything. Thanks isn't a verdict on how today will go. It's a way of walking into it with God beside you. Whatever this day holds, you won't meet it alone, and there will be good in it worth noticing.

Before you open your phone this morning, say thank You out loud for three ordinary things: the bed you woke up in, the water from the tap, someone you love. It takes thirty seconds. Then start the day already pointed in the right direction.
